

CALL FOR PAPERS

Dear colleagues,

We would like to invite you to the 10th international scientific conference for PhD students and young researchers. This year's title is ***Tradition and Innovation in Translation Studies Research X: Translation and Interpreting at Crossroads***. The conference will be held on **9th and 10th February 2022** at the Faculty of Arts, Constantine the Philosopher University in Nitra. With respect to the ongoing pandemic situation and unclear future of restrictions around the world, the conference shall be held **online**. As we celebrate the tenth year of the conference, we are very privileged to have **Prof. Dr. Gary Massey and doc. PhDr. Martin Djovčoš, PhD.** as keynote speakers.

The aim of the conference is to provide an opportunity for the participants to present their research from various fields of their scientific interests within translation studies. We welcome topics from across the entire range of translation studies – from didactics of translation (and interpretation), through history and translation criticism, non-literary translation and terminology, to (as is now tradition in Nitra) audiovisual translation.

Participation fee: 40 EUR
